

Transition Program 2017

All new students registered at Stepping Stones are encouraged to come with Mom, Dad or caregiver to our transition classes in September. These classes have proven in the past to help eliminate separation anxiety and ensure a smooth transition through the children's first week of school.

Not only do the children have the opportunity to explore the environment while a parent is near by but they also have a chance to spend time getting to know and trust their first teachers a little bit more before being left alone with them. Activities will include music, crafts and stories.

We have reserved the center two mornings prior to the start of school from 9:00 to 10:30am just for you. Tuition per class is \$10. There is no registration fee for this program.

(Detach and mail)

Name: _____ Childs Name _____

Address: _____

Phone: _____

September 8, 2017 _____

September 11, 2017 _____

Total Due _____

Mail to: Stepping Stones School, 1 Partridge Lane, Derry, NH 03038.
